

Dear Parents and Carers,

## Times Table Rock Stars - Supporting Your Child's Mathematical Journey

We hope this letter finds you well. We wanted to share some exciting information about Times Table Rock Stars, an online platform that we use in school to help develop your child's times table knowledge and mathematical fluency.

### What is Times Table Rock Stars?

Times Table Rock Stars is an engaging, game-based learning platform that makes learning times tables fun and motivating for children. It transforms what can sometimes be seen as repetitive practice into an exciting musical adventure where children become "rock stars" as they improve their speed and accuracy.

### The Benefits for Your Child:

Using Times Table Rock Stars regularly provides numerous benefits: -

**Builds mathematical fluency** - Quick recall of times tables is fundamental to success in many areas of mathematics.

**Increases confidence** - As children see their improvement, their confidence in maths grows significantly.

**Develops mental agility** - Regular practice strengthens mental calculation skills.

**Makes learning enjoyable** - The game format keeps children engaged and motivated to practise.

**Tracks progress** - Both you and we can see exactly how your child is progressing.

**Prepares for future learning** - Strong times table knowledge supports more complex mathematical concepts.

### How You Can Help at Home:

We ask that children use Times Table Rock Stars **3 times per week at home**. Even just 10-15 minutes per session can make a significant difference to your child's mathematical development. The platform adapts to your child's level, so they'll always be appropriately challenged.

### Getting Started:

Your child's individual login details are attached to the back of their reading diary. Simply visit the Times Table Rock Stars website or download the app, and your child can begin their rock star journey! If you have any questions about accessing the platform or would like support in helping your child get started, please don't hesitate to contact us.

Thank you for your continued support in your child's learning journey.

Best wishes,

Mrs Hirons-Reed
